## Enjoy Life.

What a truly beautiful world we live in. Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and liver complaint are the direct causes of 75 per cent. of such maladies as biliousness, indigestion, sick headache, costiveness, nervous prostration, dizziness of the head, palpitation of the heart and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10c. Try it. nov29yl

## Merit Will Tell.

Was never better demonstrated than when "Fryer's Abietene Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics' Institute at San Francisco. W. Pinniger is agent for these celebrated "Abietene Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

**Save** The Children. They are especially liable to sudden Colds, Coughs, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hours of anxious watching. Sold by W. PINNIGER, Druggist.

## Unnecessary Misery.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicine usually prescribed. Hamburg Pils were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., proprietors, S. F.

**Babies** That are fretful, peevish, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Acker's Baby Soother. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by W. PINNIGER, Druggist.

## Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sprains, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by S. J. Hodgkinson & Co.

**Can't Sleep** Nights, is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Did you ever try Acker's English Remedy? It is the best preparation known for all Lung Troubles, sold on a positive guarantee at 10c., 50c.

W. PINNIGER, Druggist.

## An Absolute Cure.

THE ORIGINAL ABETIENE OINTMENT is only put up in large two-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. Will positively cure all kinds of piles. Ask for the ORIGINAL ABETIENE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box—by mail 30 cents.

## Trees and Hay for Sale.

## AMUSEMENTS AT TRUCKEE.

### A Tough Darkey Who Was Not Doing a Wholesale Business.

A novel scheme for obtaining drinks was inaugurated in Truckee last Thursday by a negro named O'Hearn. He proposed to assume a stooping position and allow any bystander to strike him on the most exposed portion of his physical anatomy with a board, he to receive a drink as his reward. It was something new, and Fogarty agreed to set up the drinks. A board was procured about four feet long and three fourths of an inch thick. One of the crowd agreed to strike the blow. The colored individual stooped and "whack!" went the blow which shook the walls of the building like an earthquake. The negro never winked but walked up and got his drink, remarking, "Praps some other gon'men would like ter try a lick." Another man tried his hand and then another, but the darkey never budged except to take his toddy. Finally a muscular individual struck such a blow that the board broke squarely in two, and the negro was seen to wink three times. He then declared that he would not permit a repetition for less than ten cents in coin in advance. He was offered a quarter for three strikes but the Ethiopian said he wassent doin no wholesale business. Spoke a man's wine to pay money for overalls, 'n let you fellers wear'em out at free for a quarter. Nusser!" The capitalists in the crowd remarked that he seemed to be tough all over and the game equally tough, and refused to invest any further. As it was the darkey got the whisky and the crowd lots of fun.

### No Mute Injurious Milton.

Parson Newman, who is now back at his old charge, the Metropolitan M. E. Church, of Washington, tells how a poet secured a hearing. It was during the Hayes administration. "One night at prayer meeting," Dr. Newman says, "I called on a good layman to lead in devotions. Before he began, I saw he had drawn a manuscript from his pocket, but I thought it was to guide him in the words of his petition. Soon I was surprised to hear him reading a poem to the Almighty. I heard him say, 'We've been in a maze and now we have Hayes.' I peeped around and saw that all my flock had gotten up from their knees. I did the same, though hesitatingly, and with mixed feelings of chagrin and amusement. The good brother never got the chance to read another poem in my church."—From the Portfolio of The American Magazine.

### A Voice Restored.

AMITYVILLE, N. Y., March 5, 1886. Two years ago my son was attacked with a severe cold which settled in his throat, and he entirely lost his voice. I was advised to put Alcock's Pectoral Plasters around his neck. I applied two. In one day he was much better, and in four days he was perfectly well. I, for one, can recommend Alcock's Plasters as first class.

MRS. JOHN DAY.

### California Brandy.

Berlinger Brothers, extensive wine-makers and distillers of St. Helena, Cal., recently shipped three car-loads of grape brandy to Bordeaux, France, one car-load to Glasgow and one to New York.

### Acker's Blood Elixir is the only Blood Remedy

guaranteed. It is a positive cure for Ulcers, Eruptions, or Syphilitic Poisoning. It purifies the whole system, and banishes all Rheumatic and Neuralgic pains. We guarantee it.

W. PINNIGER, Druggist.

### Many Of the good things of

## An Indolent Organ.

When the liver is indolent, as it must necessarily be when it fails to secrete the bile in sufficient quantities to meet the requirements of digestion and evacuation, it should be set at work with Hostetter's Bitters. The healthful stimulus to activity imparted by this incomparable alternative, speedily revives the liver and dispels the uncomfortable sensations in the right side; the nausea; fur upon the tongue; indigestion and sick headache consequent upon inactivity of the liver and the diversion of the bile from its proper channel. Irregularity of the bowels is always and painlessly reformed by the corrective indicated, which is infinitely to be preferred, both because it is safe and more efficacious to blue pill, calomel and drenching purgatives of every class. It cures and prevents fever and ague and rheumatism.

### Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with head ache, you are drowsy, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and leave you in worse condition than before. What you want is an alternative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give you renewed health and strength. Such a medicine you will find in Electric Bitters and only 50 cents a bottle at S. J. Hodgkinson & Co's Drug Store.

### Eureka.

The motto of California means, "I have found it." Only in that land of sunshine, where the orange, lemon, olive, fig and grape bloom and ripen, and attain their highest perfection in mid-winter, are the herbs and gum found, that are used in this pleasant remedy for all throat and lung troubles.

### A Luxury and Necessity

For rich and poor who wish to enjoy good health, and who do not wish to resort to bitter nauseous liver medicines and cathartics, is the concentrated California liquid fruit remedy, Syrup of Figs. 50c. and \$1 bottles for sale by Wm. Pinniger, Reno, Nevada.

### Their Business Booming.

Probably no one thing has caused such a general revival of trade at S. J. Hodgkinson & Co. drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free large bottle \$1. Every bottle warranted.

### Fryer's Abietene Ointment, made

from the gum of the abietene tree, or "Pinus Sabiniana," is guaranteed for piles, salt rheum, catarrh, burns, old sores, etc. Price 25 cents. Sold by Wm. Pinniger, Reno, Nevada. All genuine Abietene preparations bear the fac-simile signature of D. F. Fryer.

### Sudden Death.

Dr. Flint's Heart Remedy will prolong life by preventing that sudden death from heart disease which brings untold grief to families, often plunging them into poverty, because of the untimely demise of the bread-winner. At druggists. \$1.50. Descriptive treatise with each bottle, or address, J. J. Mack & Co., S. F.

THURSDAY, JUNE 16, 1887

An attempt, which we hope will be successful, is being made in San Francisco to revive American shipping. Of late years our shipping has been gradually falling off and foreign ships are taking the trade. The American Shipping and Industrial League has been formed in San Francisco, the object of which "is to promote the development and distribution of the products of American labor by an extension of the Merchant Marine of the United States, and to establish thereby more intimate commercial intercourse with other countries by frequent and direct mail service." The league will convene at the rooms of the Chamber of Commerce of San Francisco, June 21, 1887, at 2 o'clock P. M. All Boards of Trade, corporations, organizations, and industrial interests, whether agricultural, manufacturing, or commercial, sympathetic with this important national economic object, are cordially invited to send representatives to co-operate in this work for the restoration of the American ships built and owned in the United States.

This is a most important meeting and it is to be hoped that there will be a large attendance. It is the history of every nation that when its shipping languishes and falls away, the other industries of the nation are seriously affected. It is through commercial intercourse with other nations that success is guaranteed, and this intercourse must be carried on through our own ships and not through ships of foreign countries. It is the duty of this Government to protect in every way possible this great interest and not to smother it through foreign subsidies.

The Democratic organs of the country are terribly alarmed at the fact that the present administration is collecting \$10,000,000 a month in taxes from the people beyond the needs of the Government. They anticipate that before Congress meets again there will be \$485,000,000 surplus in the Treasury and they express great fear that this glittering pile should prove too great a temptation to a Democratic House, and lead Congress into all sorts of extravagances. Pile it up, Grover! pile it up! We love to look at it. From every buzzard dollar there reflects a ray of brightness over which our soul glows. In our rags and tags we rub our hands and grin, for we helped to put it there. It is ours and with miserly instincts we love to see it idle. Of what use is money unless we can pile it up to look at it. We would collect all the money in the world and lock it in a vault and invite the nations of earth to gaze upon our wealth. We would let our commerce languish, our navy sink with its worms and rats, our army should be a skeleton for crows to roost upon, our public buildings might crumble and decay, our highways and waterways could become deserted and filled with debris, but we would have our vault to gaze upon. Our gold and silver, our greenbacks and graybacks would still be there. Our flag though tattered and torn would float on the breeze of morn with a mournful wave, but we would have our money where it may be seen, if not used.

### THE WHEAT PANIC.

CHICAGO, June 16.

The exciting scenes of yesterday and the day before were not witnessed at the opening of the board this morning. The few who had gathered in the galleries before the opening, soon tired of the calm which prevailed and departed. It was given out that Kershaw would announce at 11 o'clock whether he would be able to meet his claims or not. It is generally conceded that everything depends on Kershaw's actions. Some members are of the opinion that he will pull through, but a majority are doubtful on the subject. Scarcely any trading is being done, and prices are fluctuating. There are rumors of impending failures, but everything awaits the announcement to be made by Kershaw. In the meantime, business is at a standstill. July wheat opened at 73 and has fluctuated between that figure and 72½.

I. P. M.—As soon as it became known that nobody had failed to get through the clearing house, although nothing definite had been heard from Kershaw, yet a feeling of confidence became general, and the members at once began trading moderately, and prices became firmer, and a general advance in all options occurred. July wheat which had fluctuated all this morning between 72½ and 73, advanced slightly and closed at 73½. Just at the close of the morning session John J. Bryant & Co. announced that they desired that all their trades be closed out. This is a heavy failure, involving over \$150,000.

### Returning to Work.

PITTSBURG, June 16.  
The backbone of the great coke strike was broken to-day by the Hungarian strikers at the Sterling and Jintown works of Schoonmaker & Co. returning to work at the old wages, which probably settles the strike, as there are 4,000 Hungarians in that region, and the natives will be forced to follow or lose their situations. The operators are preparing to resume, and by next Monday it is expected that all the 12,000 men who have been on a strike during the past three months will be at work.

### Moving the Troops.

WASHINGTON, June 16.  
An order has been issued from the War Department, directing company B, 4th cavalry, now in Arizona, and company B, 6th cavalry, now in New Mexico, to take the garrison of Fort Myer, near this city. The troops are to be under the command of Major Lewis H. Carpenter, of the Fifth Cavalry, now at Fort Supply, Indian Territory.

### A More Settled Feeling.

NEW YORK, June 16.  
The feeling in the wheat pit at the Produce Exchange is more settled this morning. Prices advanced at the opening, 1½¢ on first sales. Speculation is brisk and is attended with some excitement, and is mainly confined to July.

#### JOHN W. MACKAY.

### The Outlook on the Comstock—Impressions of Reno's Future—Presidential Prognostications.

John W. Mackay laid over here last night on his way from Virginia City eastward. Among other things Mr. Mackay said to a GAZETTE reporter that "the Con. Va. mine is looking first-rate, in fact the mine has not looked so well for five years as it looks now."

He also said: "What a great change is coming over Nevada. In 1858 the country lying in and around here could be purchased for almost a song. To-day it is a blooming, highly cultivated section, and your thriving city has a very bright future before it. Your climate is equal to any in the world, really most delightful." Of course such impressions so unsolicitedly expressed by such an authority, speaks volumes for Reno. In answer to questions on the possibility of Governor Stanford's candidacy for the Presidency, he said that the Governor was an able man and would make a very good President; but that our Pacific Coast has not sufficient population to justify the nomination of any of its distinguished men. We are still young. Besides, he continued, Senator Allison, of Iowa, is a very strong, clean-handed man, who represents the Great West. The extreme East and South as well as our people have as yet but an imperfect knowledge of the teeming population of the West properly so-called. I would not be surprised to see him elected over President Cleveland or any other man the Democracy may nominate." Mr. Mackay left on this morning's train for New York to remain there two weeks, whence he will go to Europe to be absent two months.

#### GLAD HILL HIGH SCHOOL.

### The Annual Commencement.

The GAZETTE acknowledges the receipt of an invitation to attend the seventh annual commencement of the Glad Hill school at Miners Union Hall, Gold Hill, Nevada, June 24, 1887. The motto of the class is "Euse, Non Videri." The names of the graduating class are Helen C. Dresser, Anna Doran, John J. Deegan, Lizzie Fitzgerald, Sophie Tobener, Gussie Haub, John J. Klein, Beattie Penrose and Sallie Powers. It is said that this is a class of the brightest students that ever graduated from this school. This is passing upon them a high compliment, for this high school has a greater number of alumni than any of the high schools of the State. Among the many alumni who have risen to distinction is Principal T. P. McDonald, of the Gold Hill public schools.

#### Arbor Day—Nevada's Need.

The following letter received at this office explains itself.  
U. S. DEPT. OF AGRICULTURE,  
FORESTRY DIVISION,  
WASHINGTON, D. C. June 7, 1887.  
Dear Sir:—Accept our thanks for the copy of the GAZETTE, and especially for the clipping which gives an account of the observance of Arbor Day at Reno.

Having the smallest amount of forests in proportion to its area of any State, Nevada needs to take special interest in forestry and to improve every means practicable to promote the growth of trees. And Arbor Day may be made one of the most efficacious of these. If the children in our schools are induced to take an interest in planting trees, more and more will be accomplished from year to year. The children will be happy in the work, making it more a pleasure than a work, and we shall soon have a generation of lovers of trees and tree planters, who will not be content until they have seen all the roads bordered with trees and clumps and forests planted to such an extent as is necessary for comfort, for the benefit of agriculture and to furnish the requisite supply of fuel and timber.

We shall be greatly obliged if you will at any time send us accounts of forestry matters in your vicinity.  
Very Respectfully,  
B. E. FERNON,  
Chief of Division of Forestry.

#### The Masons Entertained.

The representatives to the Grand Lodge F. & A. M. of Nevada were right royally entertained by the lady members of the order of the Eastern Star last evening. H. L. Fish of Reno acted as master of ceremonies, recitations, singing, speech making, and social conversation were indulged in. The visiting brethren were then invited to visit the banquet hall attached to the lodge room where a bounteous spread greeted them and full justice was done to the refreshments, which accounts for the slim attendance of the representatives at the different hotel breakfast tables this morning.

A pair of H. A. Winton's hand-sewed, French calf shoes will wear as long as half a dozen pairs of the shoddy, split-leather variety.

For the best brands of tobacco, cigars, and cigarettes, or a genuine meerschaum pipe, call at C. A. Thurston's Virginia street news depot.

Before the arrival of another hot wave you want to supply yourself with one of those elegant, neat-fitting, Summer suits to be had at the White House.

Instead of paying out your money for meals you can neither masticate nor digest, go to the Palace restaurant, where you always get full value for your half a dollar.

On to-morrow Coffin & Larcombe will receive another invoice of those beautiful mountain trout. They also keep canned mackerel, salmon and boneless codfish.

In the line of all of the best family groceries, the stock being carried by E. C. Leadbetter cannot be excelled anywhere. His goods are first-class and always fresh.

The extensive local patronage being enjoyed by Parry & Fitzgerald, of the Depot Hotel, proves that the efforts of the proprietors of that excellent hostelry are fully appreciated.

No better variety nor no better quality of groceries can be found in Reno than is carried by Fred Kolster, and his prices are as low as the lowest. All goods warranted as represented.

Those beautiful meats to be always seen hanging on the hooks of J. Frazer's market never fail to attract the attention of the eastern tourists, who can hardly be made to believe that such beef and mutton can be produced without grain.

**Cordially Greeted.**

The announcement that Dickie Jose would arrive from the East on last evening's overland called out an immense crowd of his Reno friends. The band, followed by a large crowd of Mr. Jose's admirers, proceeded to the depot and warmly greeted the young man, who, it is understood will remain here about two months.

**OUR PUBLIC SCHOOLS.**

**The South Side-Kindergarten—How Things Are Taught.**

This morning in search of items a GAZETTE reporter, in company with Trustee Taylor, visited some of our schools. The first call was at the South Side School, taught by Miss Frank Grippen. The school-room there is large and airy. Unusually cheerful, however, it seemed this morning, with its white walls ornamented with pictures of various kinds. Flowers on the desk and in the windows, too, were a noticeable feature, there being no less than twelve bouquets in the different parts of the room. A love for the esthetic and the beautiful is an essential requisite in the qualifications necessary to be a teacher. Without neatness, order and a taste for art, no one may hope to win public favor as a teacher of youth and a model for children to imitate.

Miss Grippen has 46 pupils varying in ages from six years to 10 years. The reporter heard two recitations, one each in arithmetic and geography. In arithmetic the children were questioned on numbers, any combination of which would not exceed 10. In the illustrations there were used objects and lines on the board. Conspicuously absent was the memorizing of tables and old stereotyped answers to questions. Evidently Miss Grippen understands the grouping of numbers and the separation of the same, making what is sometimes called the Grube method.

Neither in geography was a book used; the lesson was wholly oral. The children had not spent their time in learning by heart the names of the cities, mountains, lakes and rivers of Asia, Australia and Africa. They did give evidence that they had seen the Truckee river, and in it or alongside of it, they knew something of the mountains, lakes, cities, towns, products, State officers and the general resources of Nevada; they knew whence come coffee, cotton, silk, corn, coal, iron, silver, gold and other products—which knowledge is of more value than the committing to memory, and soon to be forgotten, all of the ten thousand geographical names of foreign countries and found in the text-book. It was evident here that the teacher is, to some extent, independent of text books, and to a great extent free from the fogymias that bring reproach upon many of the schools in Nevada. The Board should furnish Miss Grippen with charts, maps, supplementary readers, counters of various kinds; objects as minerals, agricultural products, models for botany and physiology, and other recent inventions; illustrations. If they formed a part of the necessary fixtures of this school Miss Grippen would know how to do so and would make excellent use of them. The progressive spirit shown by Miss Grippen in the methods of teaching used in her school is commendable and should be encouraged.

**THE KINDERGARTEN.**

The next visit made was at the Kindergarten, taught by Misses J. E. McCracken and Ada Finlayson. The Kindergarten is always full of interest and no less so this morning than usual. Among the other things done by the children this morning was the "stick-laying," forming angles and figures of various kinds, also "paper-folding." The children were given each colored paper about four inches square to make up into different figures. These figures represent things such as pigs, double boats, salt-sellers, boat with cabin, boat with sail, papa's hat, wood-box, horse-car; also mathematical figures such as acute angles, obtuse angles, parallelograms, squares, hexagons, heptagons, octagons and the like. Out of this one piece of paper four inches square are made fifty figures representing various objects of interest. Space does not permit in this issue a description of this school such as it merits. There are in the school 26 pupils, daily at work in their peculiar kind of studies, which originated with Froebel just fifty years ago. Miss McCracken and her assistants are doing for these little tots what the public school does not, and cannot do; the school is a credit to the educational spirit of Reno.

**Artesian Water for Reno.**

It is proposed to sink an artesian well somewhere on the plaza on the south side of the river. This is rendered necessary because of the great distaste to drinking the river water by the families in that community. That this well may be sunk, R. H. Lindsay and Richard Ryland will each give not less than \$20, and it is believed that Joseph Jones, W. O. H. Martin, Martin Ward, H. H. Beck, J. K. Everett and others would all contribute liberally towards the expenses of sinking the well. It is not improbable that a committee of citizens also will wait upon the County Commissioners to ask county aid in the proposed project. This water question is becoming serious.

**The Schools Closing.**

The schools taught by Misses Grippen, McIntosh and Unruh will close for the term to-morrow afternoon. There will be in each of these schools literary exercises, which will commence at 1 o'clock. It is expected that a great many parents and friends of the school will be present.

**Donner Lake Excursion.**

Don't forget the excursion to Donner Lake which is to take place next Saturday. Nothing will be left undone to render the trip a complete success. The train will leave Reno promptly at 8:30, and in order to avoid confusion it would be well to secure your tickets a day in advance.

**The Postoffice.**

The postoffice will move Saturday night into its permanent quarters in the Thompson building on Virginia street next to its present position. The new room is commodious and large and will make an excellent office.

**PERSONAL.**

Hon. W. E. Sharon, of Virginia City, was in town last evening. Miss Alice Tobler, of Carson, is visiting Mrs. M. Nathan and family.

J. A. Blossom, of Battle Mountain passed east on this morning's overland.

Miss Emma Dean returned last evening from a visit to San Francisco friends.

F. D. Sweetzer, Secretary of the Nevada Live Stock Association, was in town this morning.

John W. Mackay arrived from the Comstock last night, and left this morning on a two months' trip to New York and Europe.

Miss Ella Stirling, one of Carson's best teachers and brightest young ladies, arrived in town last evening on a visit to Mrs. A. Wright.

V. W. Christopher Delbi, Grand Secretary of the Grand Lodge of Utah, F. & A. M., is in the city on a fraternal visit to the Grand Lodge of Nevada.

Rev. J. D. Hammond left this morning for Inyo county, Cal., where he goes to look after the interests of the Methodist Seminary recently instituted there.

Alfred Helm and wife, Dr. Mayo Greenlaw and wife, Mrs. J. F. Alexander, G. M. Stewart and George Cowing arrived from Carson on to-day's 11:30 train.

Senator Jno. P. Jones is still at the Bay and very busy looking after his multitudinous mining interests. He is expected on the Comstock in the course of a week.

**Grand Lodge F. & A. M.**

The Grand Lodge of F. & A. M. has ceased its labors for this year. The officers elected are: G. M. A. L. Fitzgerald, of Eureka; D. G. M., Wm. McMillan, of Virginia; G. S. W., C. W. Hinchelliffe, of Austin; G. J. W., J. W. Eckley, of Virginia; G. Treasurer, H. L. Fish, of Reno; G. Secretary, C. N. Noteware, of Carson; Rev. G. R. Davis, of Carson, Grand Chaplain; W. C. Dovey, of Carson, Grand Orator; George W. Keith, of Dayton, Grand Marshal; W. W. Stevens, Grand Standard Bearer; C. W. Date, Grand Sword Bearer; George R. Walker, of Winnemucca, Grand Bible Bearer; J. H. Hubbs, Gold Hill, Senior Grand Deacon; Isidor N. Levy, Winnemucca, Junior Grand Deacon; S. H. George, Austin, L. D. Noyes, Silver City, Grand Steward; C. N. Harris, Carson Grand Organist; E. S. Kincaid, Virginia, Grand Tyler.

The next meeting of the Grand Lodge F. & A. M., of Nevada, will be held at Virginia City on the second Tuesday in June, 1888.

**The Carson Guards Coming.**

In reply to a communication from the Reno Fourth of July Committee to the Carson Guards, the following satisfactory reply was received:

HEADQUARTERS CARSON GUARD, F. Co., 1st REGIMENT, INFANTRY, N. N. G., CARSON CITY, Nev., June 14.

F. E. Holmes, Esq., Secretary Fourth of July Committee.—Dear Sir:—Replying to your communications I will state that at a meeting of "F" Company, Carson Guard, held last evening, it was unanimously decided to accept the invitation tendered by the citizens of Reno to participate in the celebration of the Fourth of July in your city. Great unanimity of feeling was expressed, and I think there is no doubt but that a great many of our friends will accompany us. Advise me as soon as possible of your further desire and intentions. Trusting your celebration will prove a success in every particular, I am very respectfully,

W. L. TAYLOR, Commanding "F" Company.

**Along the Road to Huffaker's.**

The road to Huffaker's is the prettiest of any in the State. Just now it looks its very prettiest. Standing on the knoll near the Lake residence, the road with poplar trees on either side gives it the appearance of a suburban street in some metropolis. The drive from here to Huffaker's just now is charming. The foliage of the fruit and ornamental trees is at its best. The alfalfa fields never looked better than now, and the residences are as inviting as those in the rural places around Cleveland, Chicago and much more so than those around Denver. There are a few people in Reno even that appreciate what a delightful drive it is from here to Huffaker's and from there to Steamboat Springs.

**Pleased With Reno.**

Mr. George H. Brown, son of the discoverer of Brown's Bronchial Troches, passed through this morning on his way East. He has just returned from Australia where, as manager of the Electro-Motor Company of Boston (Cleveland's electric process) he organized a company with a cash capital of \$125,000. He admired Reno very much, particularly her green trees, pleasant homes and lovely climate, and on his return intends remaining over a few days here.

**Buy a Ticket.**

On exhibition at F. Levy & Bro's. dry goods store can be seen the neatest silk crazy quilt ever constructed by nimble fingers. It was made by the ladies of the Woman's Relief Corps, and is to be raffled off on July 1st, the proceeds to go into the treasury of that worthy organization.

An important decision by the Inter-State Commerce Commission will appear in to-morrow's edition, it being crowded out to-day through want of space.

**Mining at Peavine.**

There is now an excellent prospect for a revival of mining in Peavine District. This district has remained idle too long and it is to be hoped that the company recently formed in San Francisco will prosecute the work diligently. The company referred to is the Grey Eagle Mining Company, which has just been incorporated in San Francisco with a capital stock of 100,000 shares valued at \$100 per share. The officers of the Company are A. H. Herriman, President; W. F. Mills, Secretary and Treasurer, with J. F. Chapman, W. J. Adams, Harvey Mills, J. R. Herriman and C. Dickey Directors. C. Dickey is also Superintendent. The stock is held principally among men interested in shipping in San Francisco who are men of good financial and commercial standing. It is believed that among so many sea captains they will be able to steer through with good success. The company intends running a tunnel about 600 feet to cut the main ledge 350 feet below the surface. The ore is quite rich, carrying about 40 per cent copper and assaying \$23 in silver. The richest part, however, is the free gold which streaks the rock, going as high as \$3,500 per ton.

**The State Fair.**

The managers of the State Fair are directing their energies toward making the coming one the best in the history of the State. In former years nearly every industry in the State has been fairly represented except the mining. The absence of the mineral productions of the State at the pavilion last year was most painful, only two or three of the mines were represented, and one of these was a California mine. There should be a special effort made to have a general display of Nevada ores. Each and every mining district should be represented. Not only our citizens would be surprised at the mineral showing that could be made if miners would contribute to this department as they should do, but visitors would go away and proclaim that Nevada is rich in mineral wealth, that the half had not been told them.

**A CYCLONE!**

Nothing has created so much talk as Breuner's elegant and immense line of Bedroom and Parlor Furniture. Suites for two, three, four, five and six hundred dollars. We can furnish you with a suite—the finest in the land or the cheapest to be had. Our trade has demanded that we carry the richest lines, and to-day we are shipping goods to San Francisco, Oakland and other parts of the State. San Francisco merchants cannot compete with us, as their store rents and other expenses are enormously high. Everybody admits that we sell the cheapest, and everyone who visits our stores says our assortment is as elegant as it is large.

If you desire anything in our line and cannot visit our stores, write us stating articles you want and will send you photographs and prices, and give you the same satisfaction as if you were selecting in our stores. Send for photograph of our \$18 00 bedroom suite.

Now astonishing the Medical world on the Pacific Coast, will be at

VIRGINIA CITY, JULY 1 to 6.  
CARSON CITY, JULY 7 to 8.

RENO, JULY 9 TO 14.

He Has Deferred His Trip to Europe.

TO THE PUBLIC:

Never before in the history of the Coast has there been acquired in such a short space of time such a wonderful reputation and so great a success in the medical profession as that of DR. PRENTICE. With almost indomitable energy and pluck, he has forced his way through many opposing forces, and has placed his independent banner on the crowning pinnacle of success. Many hundreds of supposed incurable cases on the Coast are now happy to attest the wonderful skill and ability of Dr. Prentice. Suffering humanity, read the following, and take advantage and consult Dr. Prentice, as he positively will leave for Europe on July 15th.

CROSS-EYES.

To those afflicted with cross-eyes: 538 cases cured within the past four months.

The Quickest Operation on Record.

Another wonderful case is that of Albert Vandenberg, of Stockton, Cal. Had cross-eyes all his life. Dr. Prentice straightened them in less than 15 SECONDS. SAN FRANCISCO, March 14, 1887. The operation was witnessed by Mrs. Thomas Farmer, of San Francisco, Mrs. Champion, of 405 Taylor street, E. G. Huttel and others. This operation is the quickest of its kind on record in the world.
